

Request for Support: Research/ Consultations

The Ontario Association of Residents' Councils welcomes opportunities to contribute to research projects and program initiatives that align with our mandate and help to enrich the quality of living in Ontario long-term care homes.

OARC assists researchers and other stakeholder partners by fulfilling various requests, including, but not limited to, letters of support for proposed research and grant applications; participation in consultations and on advisory committees, and research recruitment and dissemination.

Criteria

To be considered for support from OARC, the request for assistance must:

- Be relevant to long-term care homes and their residents
- Include ethics approval by an established research/education organization
- Offer an applied/practical benefit to residents participating in the research
- Include a clear knowledge transfer/dissemination plan
- Not seek endorsement of a product or service
- Reflect considerations for accessibility and cost recovery for transportation when inviting residents to physically attend meetings
- Demonstrate the use of affirming, [Person-Centred Language](#)
- Include considerations for equity, diversity and inclusion

Instructions

1. Complete the attached form. Be as thorough as possible and answer all the questions listed on the form
2. Include any relevant documentation with the form to a maximum of 8 pages (including form)
3. Forward your information to Jennifer Langston jangston@ontarc.com
4. **Allow 1 to 2 weeks for your request(s) to be processed**

Process of Reviewing Application

1. The application will be reviewed by OARC's team
2. Each applicant will be notified of the review outcomes
3. If the application is approved, you will be contacted and work/OARC engagement can begin following the timelines and commitments expressed through the application
