OARC is Growing: Join Our Expanding Team

The Ontario Association of Residents' Councils is growing to better serve and support Residents' Councils across the province—and we're looking for committed individuals to join us in this important work.

As we expand our reach, we're seeking team members based in different regions of Ontario who are passionate about resident leadership, rights, and engagement in long-term care. This is your opportunity to be part of a dynamic organization that puts residents at the centre of everything we do.

At OARC, you'll contribute to initiatives that elevate resident voices, foster meaningful participation, and strengthen communities within long-term care homes. We offer a supportive team culture, purposeful work, and the chance to make a lasting impact.

We invite you to explore our current opportunities below and help us build a stronger, more inclusive future for and *with* residents.

Apply Today - Join Our Team!
